2/6

What is 'Ethics'?

3/6

What is 'Ethics'?

► Nothing you can memorise from text-books or check-lists

► 'Ethics' is something you are doing
it involves

- (rational) thinking
- deliberation
- discussion
- joint decision-finding

YOU

► Of course, you need a basic common vocabulary

WE

4/6

What exactly do you mean when
you use the terms 'ethics' or 'ethical'?

An action is ethical if

- * ...
- * ...
- * ...

An action is **un**ethical if

- * ...
- * ...
- * ...

5/6

Nicola Stingelin

- Why do we need medical ethics?
- Why now, but not 30 years ago?
- What has changed?
